

Dear Ladies and Gentleman,

It was a big honour for me to be invited for judging the Speciality of the Riesenschнауzers 2014 in Kopparbo. I can tell you that I have enjoyed it from the first until the last minute that I was in Sweden.

I did enjoy the people, particularly the exhibitors of the show and not at least the Riesenschнауzers in nearly every class. That is nice, and a little bit easy too to judge, when the quality is good. But also do not forget the remarks I already have made on the show. Keep an eye on, and take care of, the (too much) angulations in the hind quarters and the gender type – a dog must be a dog, a bitch a bitch.

I thank all of you for this marvellous weekend in Sweden and I hope to see you again.

Best regards,  
De Riesenhorst, drs Jos M.M.G. van Dijk, DVM
